If games are scheduled out of the Jr Freshman, Freshman, Junior Varsity & Varsity order, the game scheduled in place of the traditionally scheduled Freshman game shall start no later than 4:00 PM.
4. Games will be played in this order: Junior Freshman, Freshman, Junior Varsity and Varsity. Changes to this order can be made only by prior agreement of both Unit Directors.
5. The regular season shall consist of eight (8) games.

6. **Schedule:**

- a. **There will not be multiple byes at the Freshman, JV or Varsity level in any given week. The schedule will be adjusted up until the Monday of week 1 to make these corrections.**

1. In a given year, four (4) teams or a greater number of teams established by the Executive Board shall participate in the playoffs.
2. A post-season football tournament will be played as follows and must be completed by November 15th.

 - a. Win percentage (The number of wins plus half the number of ties, divided by the total number of games).
 - b. If multiple teams have the same win percentage, then ranking will be determined by:
 - i. The winner of a game between the tied teams (head-to-head).
 - ii. If there is a two-way tie and the tied teams did not play each other, the tie will be decided by a single coin flip.
 - iii. If there is a three (3) way or greater tie in win percentage, and one team defeated the other team(s) with the same win percentage, that team will be seeded first out of the tied teams. This will repeat until all tied teams are seeded. If a tie remains, playoff seeding will be determined by drawing names of teams with the highest win percentage from a hat starting with the highest seeded team being drawn first.
4. If the Playoffs consist of more than two rounds, Round 2 will be reseeded where the lower seeded team will play the highest seeded team.

Ineligibility under this rule does not affect assessments for postseason costs (i.e. ineligible teams under this rule will still count for post season calculations). Exceptions to this rule, including forfeits caused by excessive injuries to players during the regular season, may be granted by the Executive Board for exceptional circumstances.*

Section 11. Code Of Conduct For Coaches

The purpose of this Code of Conduct for Coaches is to insure a uniform organizational structure for the Michigan Youth Football & Cheer Conference. The guidelines set forth herein will be enforced and any deviation will result in appropriate action being taken by the Unit affected.

Coaches determined to have violated the Code of Conduct are subject to suspension as provided in these rules. Each organization is required to have all coaches and team unit directors sign and produce to the league before the first scheduled game, a Code of Conduct form prepared by the Executive Board. Coaches and/or team unit directors are not permitted on the Sidelines unless the Code of Conduct form has been signed.

Responsibility of Coaches and Directors:

- All coaches of football players, all cheerleading directors and cheerleading coaches are to adhere to all the principles set forth herein.
- All coaches acting as assistants are responsible to the head coach of the team for which they assist.
- All head coaches are responsible to the Unit Director or his/her particular Unit for his/her actions and the actions of his/her assistants.
- Head coaches are to inform the Unit Director of any serious problems relating to his/her team.

CODE OF CONDUCT:

Responsibility to the Participants

In their relationship with players or cheerleaders under their care, the coach should always be aware of the tremendous influence they wield, for good or bad. Parents entrust their dearest possession to the coach's charge, and the coach, through their own example, must always be sure that the players or cheerleaders who have been coached by them are finer and more decent people for having done so. The coach should never place the value of a win over that of instilling the highest desirable ideals and character traits in their players or cheerleaders. The safety and welfare of their players or cheerleaders should always be foremost in their mind and must never be sacrificed for any personal prestige or selfish glory. It is a violation of the Code of Conduct to engage in disparaging remarks toward any parent, coach, participant, relative or anyone affiliated with a Member Organization in any digital media forum including text messages or electronic messages for social media sites.

In teaching the game of football or cheerleading, the coach must realize that there are certain rules designed to protect the player and provide common standards for determining a winner or loser. Any attempt to beat these rules, to take unfair advantage of an opponent or teach deliberate unsportsmanlike conduct, has no place in the game of football or in cheerleading. Any coach, who is guilty of such teachings, has no right to call themselves a coach. The coach shall set and example for winning without boasting and losing without bitterness.

A coach who conducts themselves according to these principles need not fear failure. For in the final analysis, the success of a coach is measured in terms of the respect they have earned from their players or cheerleaders and from their opponents.

The diagnosis and treatment of injuries is a medical problem and should not be considered a province of the coach. A coach's responsibility is to see that the injured players are given prompt medical attention and that the physician's or qualified medical person's orders are carried out.

Under no circumstances should a coach authorize the use of medicates, stimulants or drugs except authorized by a physician.

A player's or cheerleader's future should not be jeopardized by any circumvention of any eligibility rules.

A coach should not make demands of their players or cheerleaders that will interfere with their players or cheerleaders opportunities for achieving academic success.

Responsibility to the Unit

- The function of the coach is to educate young people through participation in the game of football and cheerleading. This primary and basic function must never be disregarded.
- A coach shall conduct themselves so as to maintain the principles, integrity and dignity of their Unit.
- A coach should discuss their problems with their Unit Director in a friendly manner and then accept and support the decisions that have been reached.
- It is highly important that a coach support the Unit in all policies, rules and regulations regarding football or cheerleading.

Rules of the Game

Each coach should be acquainted thoroughly with the rules of the game and the League. It is the coach's responsibility for having the rules taught and interpreted for their player and all assistants.

BOTH THE LETTER AND THE SPIRIT OF THE RULES MUST BE ADHERED TO BY THE COACHES

A coach must always remember that it is not the purpose of football to hurt or injure an opponent by legal or illegal methods. Good sportsmanship is developed on the practice field. When coaches permit, encourage or condone performance which is dangerous to an opponent, they are derelict in their responsibility to fair play and sportsmanship. This aspect of coaching must be attacked as vigorously as the teaching of offense and defense, and to the players it is far more important than all the technical aspects of the game combined. Any coach who fails to stress this point or who permits, encourages or defends the use of unsportsmanlike tactics shall be considered guilty of the most serious breach of football or cheerleading coaching ethics.

Game Day

On the day of the game, officials should be treated in a courteous manner. If problems arise during a game situation with an official, the coach is to ask the Unit Director to intercede and address the problem to an official.

It is vitally important a coach's actions and behavior at all times bring credit to themselves, their team and the game of football or cheerleading.

Before and after a game, rival coaches, **unit directors and representatives of the Host Member** should meet and exchange a friendly greeting.

Coaches are accountable for the conduct of their players or cheerleaders on and off the playing field. Discipline is part of football and cheerleading and should be taught by all coaching staffs.
